Introduction

- ▶ The goal of this module is to provide an introduction to RL in the context of autonomous systems design.
- ▶ I will cover a series of topics with discussions of papers.

Suggested Textbook

- ▶ Richard S. Sutton and Andrew G. Barto. Reinforcement Learning. MIT Press. 2018.

Administrivia: Assessment

- ▶ The assessment will be based on the presentation of a paper.
- ▶ Given the number of people in the module, we will probably have group presentations.
